NORTH CENTRAL COLLEGE

COLLEGE IS . . .

DEDICATION

NCC is a unique place. It would not be the place that it is without the students that go here. NCC is friendly and fun — loving. This year's ***Spectrum*** is dedicated to this aspect of North Central College.

DAYS. . . .

Each day new things happen. Yet, each day holds a bit of the routine. We see the same people, go to the same buildings, and try our skills out each day. Days seem to pass quickly when finals approach, and not quickly enough when the midterm doldroms hit. Some aspects of our days will never be forgotten, so, enjoy.

TURN INTO . . . .

MONTHS . . .

How boring life would be without the change of the seasons. Each season brings new weather, moods and activities. Fall brings rustling leaves, crisp air and football. Winter brings snow, traying, and daydreams of spring. Spring brings sunbathers, frisbees and softball. These times of our lives seem to go by so quickly.

WHICH TURN INTO . . . .

During four years at North Central, we learn, change, and grow in many ways. Yet, we each try and maintain our individuality. A symbol of individuality is Old Main — it has symbolized North Central College and our uniqueness. Getting an education at North Central is both a group and an individual effort. We could not get our education without help of teachers and classmates, yet we each must make our own efforts. Hence, when we leave North Central, we gain a sense of what we can do both on our own and as a part of a team.

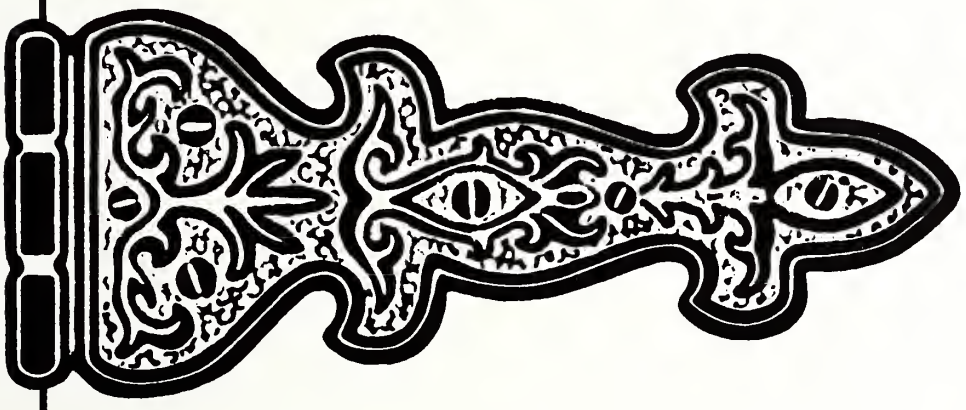
FOUR YEARS

THE
ELFS

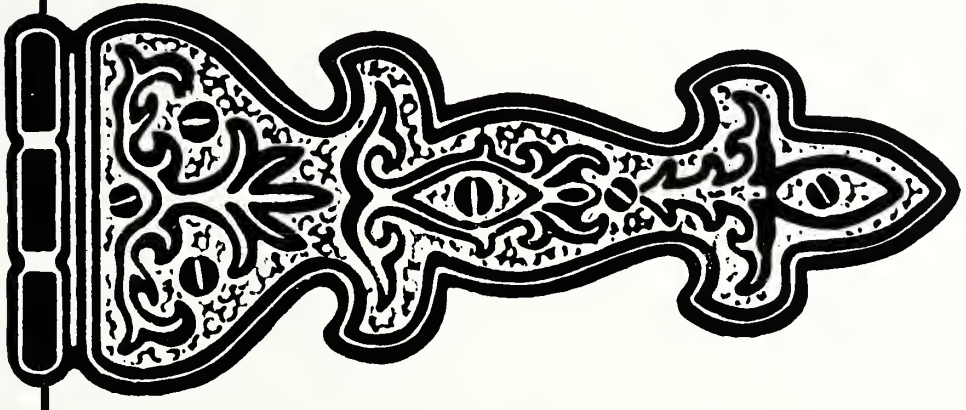
FOUR YEARS . . .

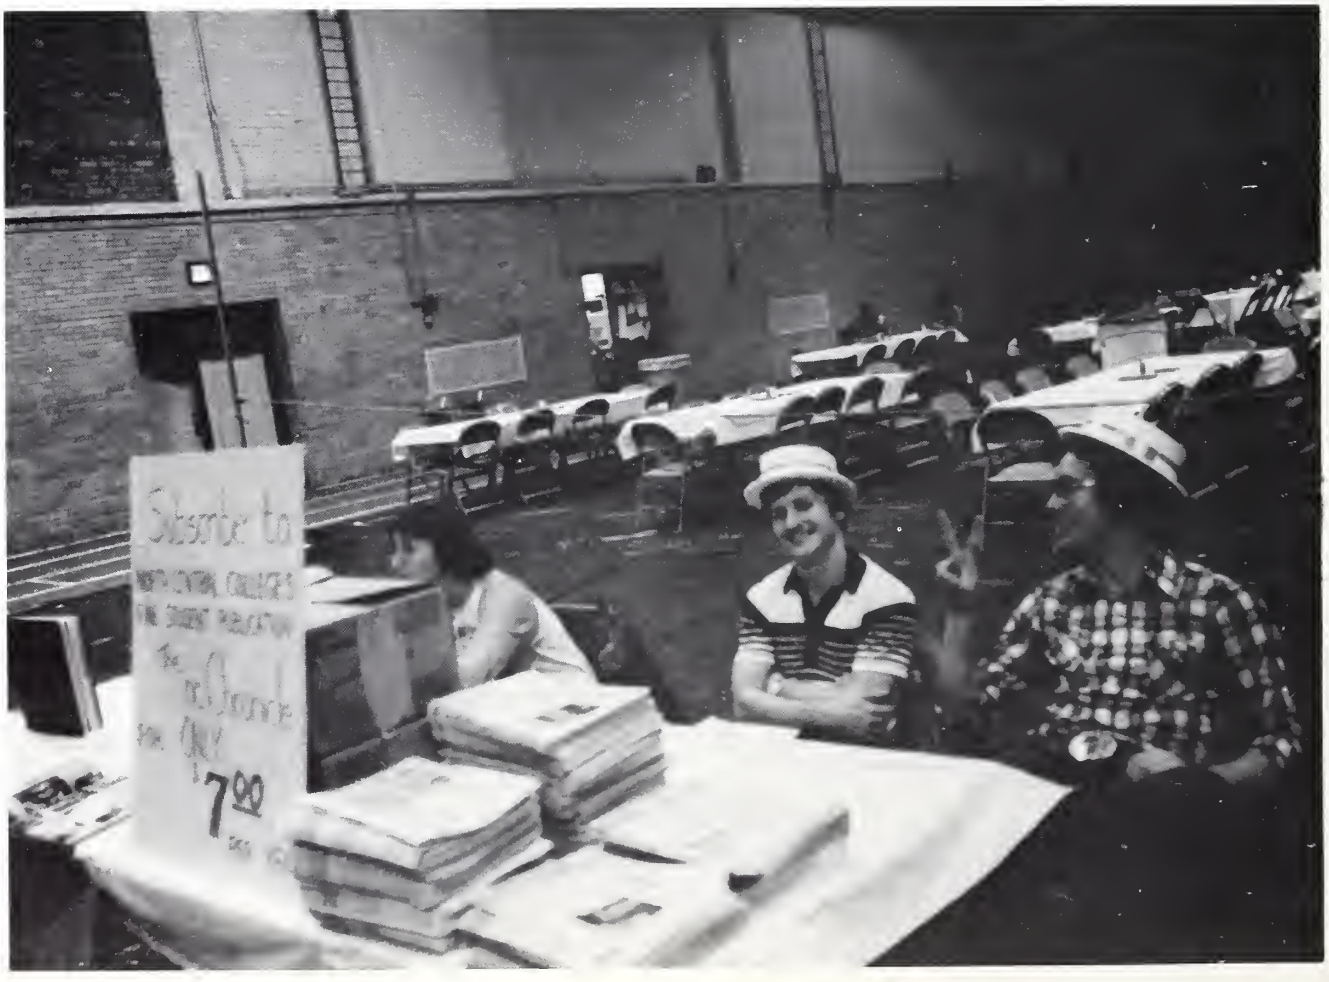
How times flies when you're having fun! Most of us when entering NCC only dream of graduation, and when it finally gets here, we cannot believe it. Graduation is a time to reflect on all we have accomplished in the past years at North Central and on what we can accomplish in the years to come!

A CHAPTER OF OUR LIVES



ACTIVITIES





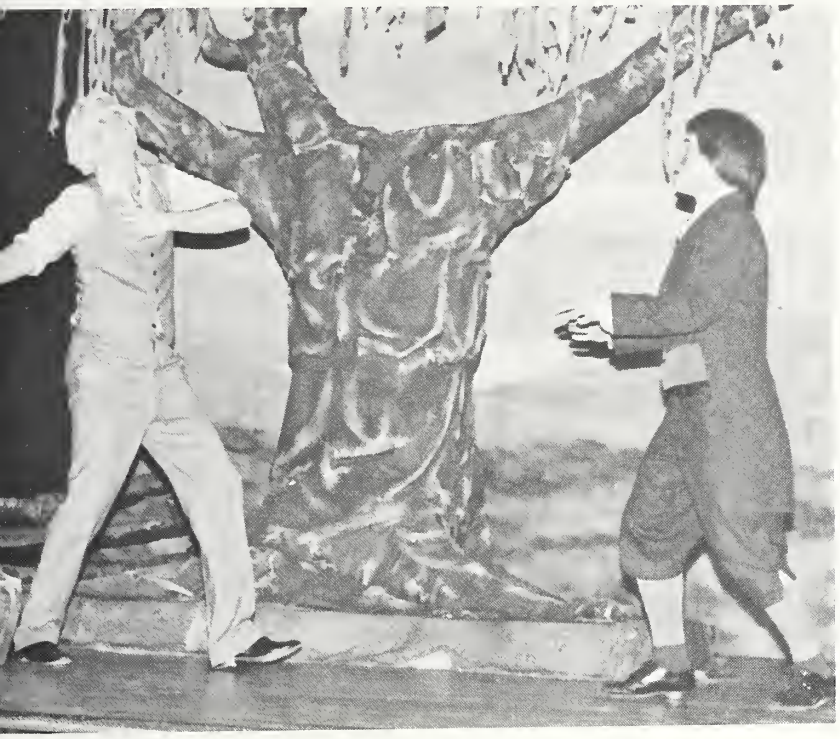
7.00

The theme for this year's homecoming was "Games People Play." People had the chance to play around all week during such events as the Frosh-Soph tug of war, anything goes games day, casino night, miniature golf, midnight bowling culminating with the Sat. night Football Game. The Carnival, Convocation, Bonfire and the "Victory" Party were the other big homecoming events. Judging by all the activities, one can see college is only a game.

COLLEGE IS A 4 YEAR GAME

TWELFTH NIGHT

This year as per usual, the NCC theatre guild put on three fine productions. In the fall, Shakespeare's ***Twelfth Night*** was produced. The winter musical was the fantasy, ***Finnian's Rainbow.*** The spring production was the comedy, ***The Rivals.*** The cast members work long and hard on these productions. This work will be long remembered by both cast and audience.



FINNIAN'S RAINBOW

COFFEEHOUSES

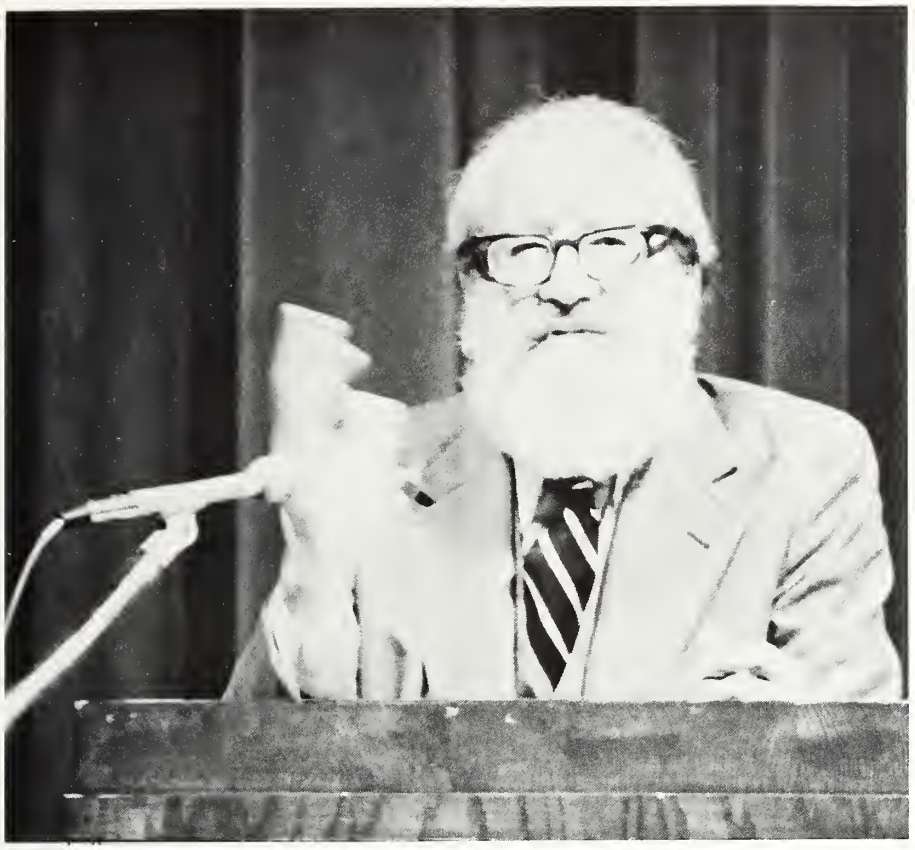
CONCERTS

Again NCC experienced some good music at various coffeehouses and concerts. The jazz ensemble performed many times throughout the year in the cage. The Resurection Band is a Christian rock group invited to NCC by the Religous Life Committee. Open stage coffeehouses and the Zelta Delta coffeehouse are always popular and provide us with good entertainment.

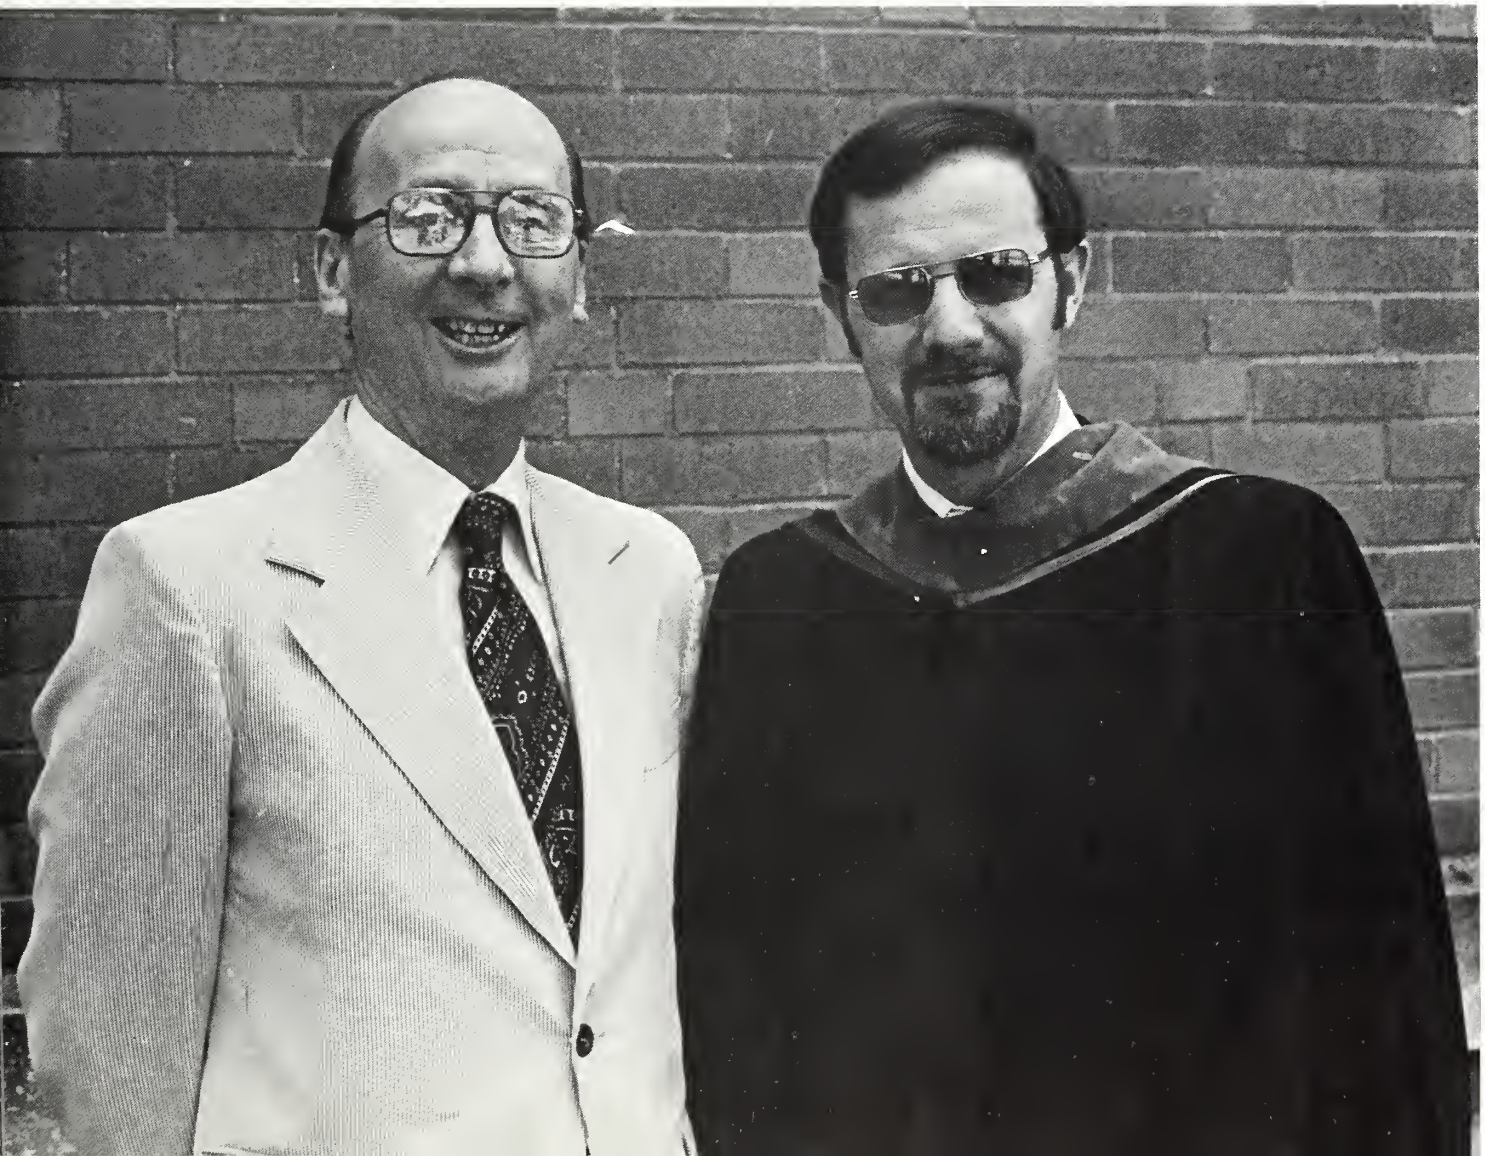
This year, CUAB sponsored a trip for fifty students to Florida. On March 15, 1980 at 3:00 p.m., these fifty NCC'ers boarded a Trailways bus bound for the Silver Beach Inn, Daytona Beach, Florida. Many adventures were encountered along the way including the more "illustrious" sections of Louisville, Kentucy and Nashville, Tennessee. Daytona Beach held fun and sun for all. This trip was one event of the four year college experience that will be remembered for years to come.

Fun And Games In Florida

Convocations are those added extras which give us exposure to ideas and concepts other than those handed down to us by our proffessors. North Central had its claim to fame this year when presidential candidate John Anderson came to call. Other topics of convocations included: the future of work, the future of the economy, a Bishops' honors, and the fourth annual honors convocations. At the honors convocation, Dr. Howard Mueller and Dr. Richard Eastman were named outstanding faculty, while Cheryl Long and Paul Armstrong were outstanding seniors.



CONVOS

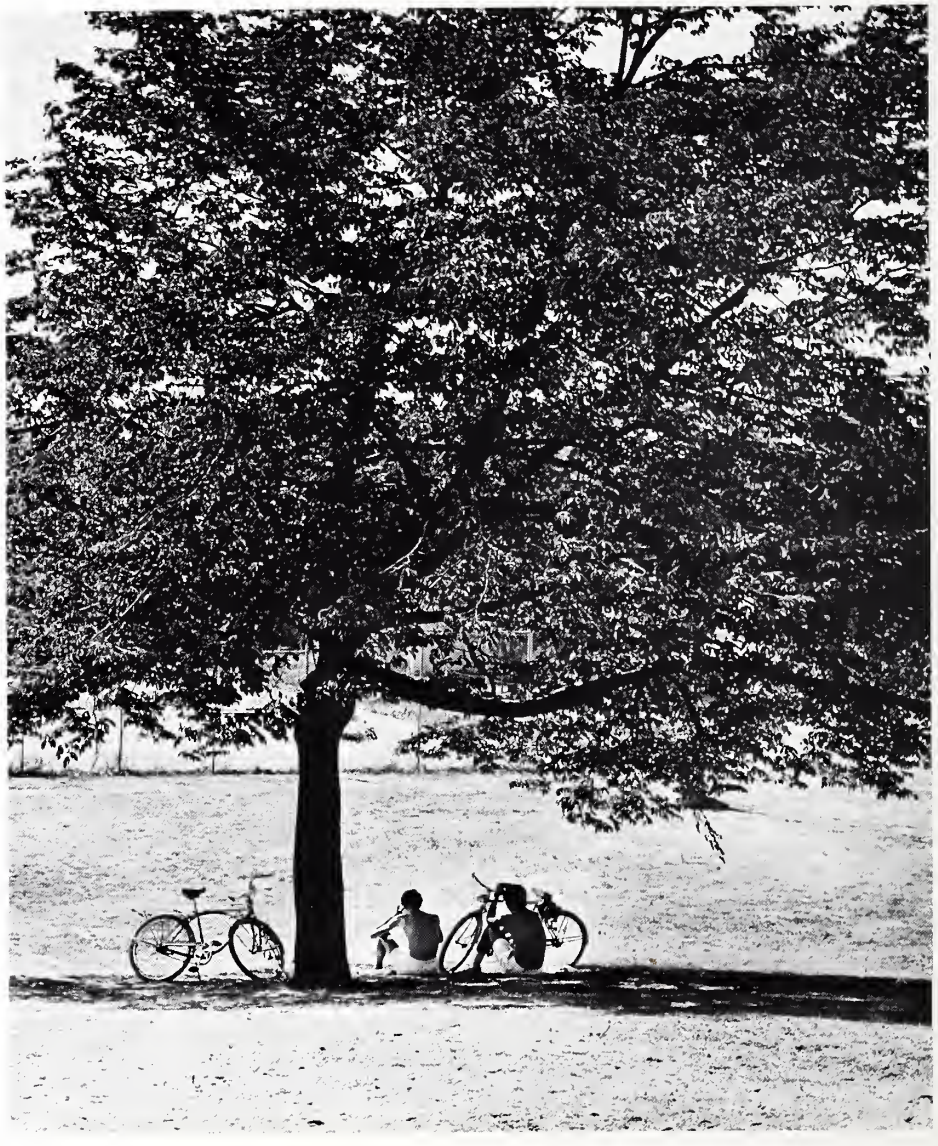


Entertainment was easily found spring term on the NCC campus. ***The Rivals*** was a comedy manners about in the "good old days." The theme of the variety show was television. Both productions showed how hard participants worked and will be remembered for years to come by cast and audience.

SPRING PRODUCTIONS

THE RIVALS AND

VARIETY SHOW



SPRING

Spring brings bikes, frisbees and softball games. People get together more in spring term, because there's always something to do. After long hard winters, NCC students will always make up excuses to avoid homework and enjoy fun and games outside. Big events of spring term 1980 included Spring Thing week, Mom's Day, and the Variety Show. Everyone must have their own spring happenings that they will remember forever.

SPORTS

Women's Tennis

Women's Volleyball

Men's Basketball

Women's

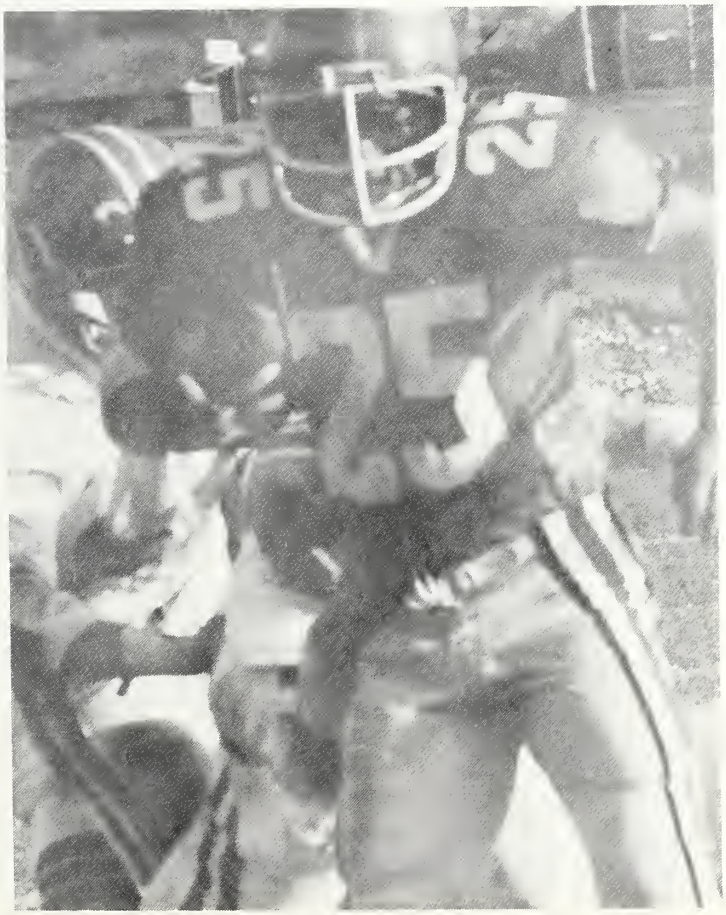
Women's
Softball

Football again was the favorite fall sport at NCC. The Cards' fans came out to support their team. Although the team did not do as well as they had hoped, the season held some thrilling times for the team as well as its fans. Added attractions to football season were homecoming, Dad's day, and pom pon routines at every game. Hopefully, head Coach Badke will give Cardinal fans even more to cheer about next season.



FOOTBALL

The Women's Volleyball team was much improved for the 1979 season. The new freshmen women added strength to the team. The team went to the state tournament this year and performed admirably. Next year will show how a year's college experience can make a good team better.

WOMEN'S VOLLEYBALL

WOMEN'S BASKETBALL

The Women's Basketball team was very strong this year. Under the direction of coaches Wayne Morgan and Carl Schleich, the team went to the state tournament, where they placed fourth. Again, the team was built of mostly freshmen, with upperclassmen providing experience, strength, and support.

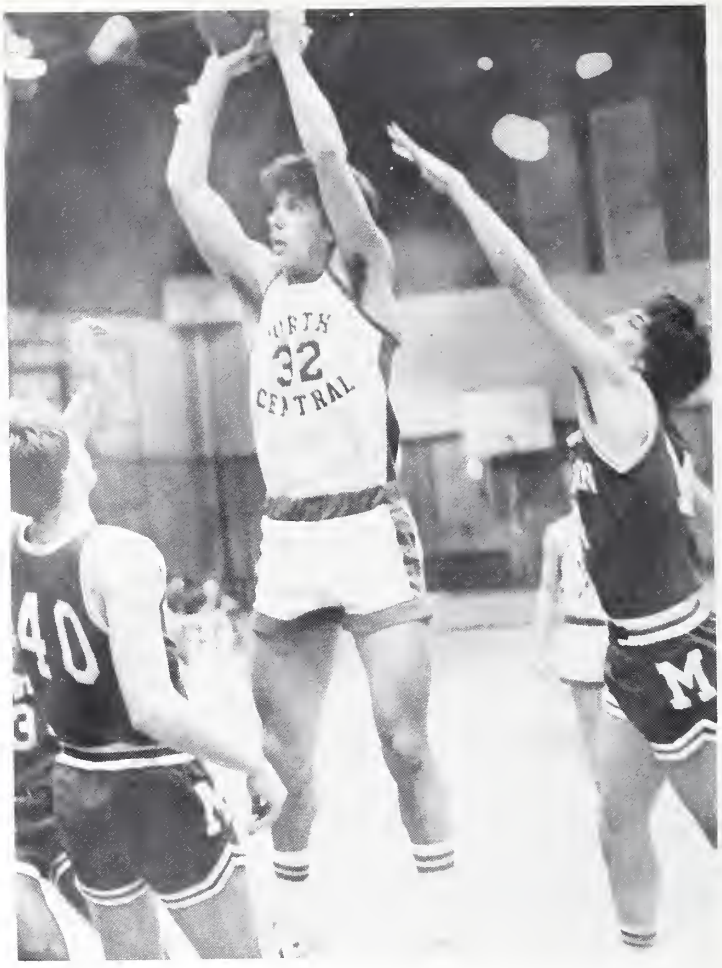
NORTH
CENTRAL

CROSS COUNTRY

Once again the cross country team proved itself. Again, under the coaching of Al Carius the team finished first in the nation among Division III schools. These devoted athletes give those people associated with North Central something to brag about for years to come.

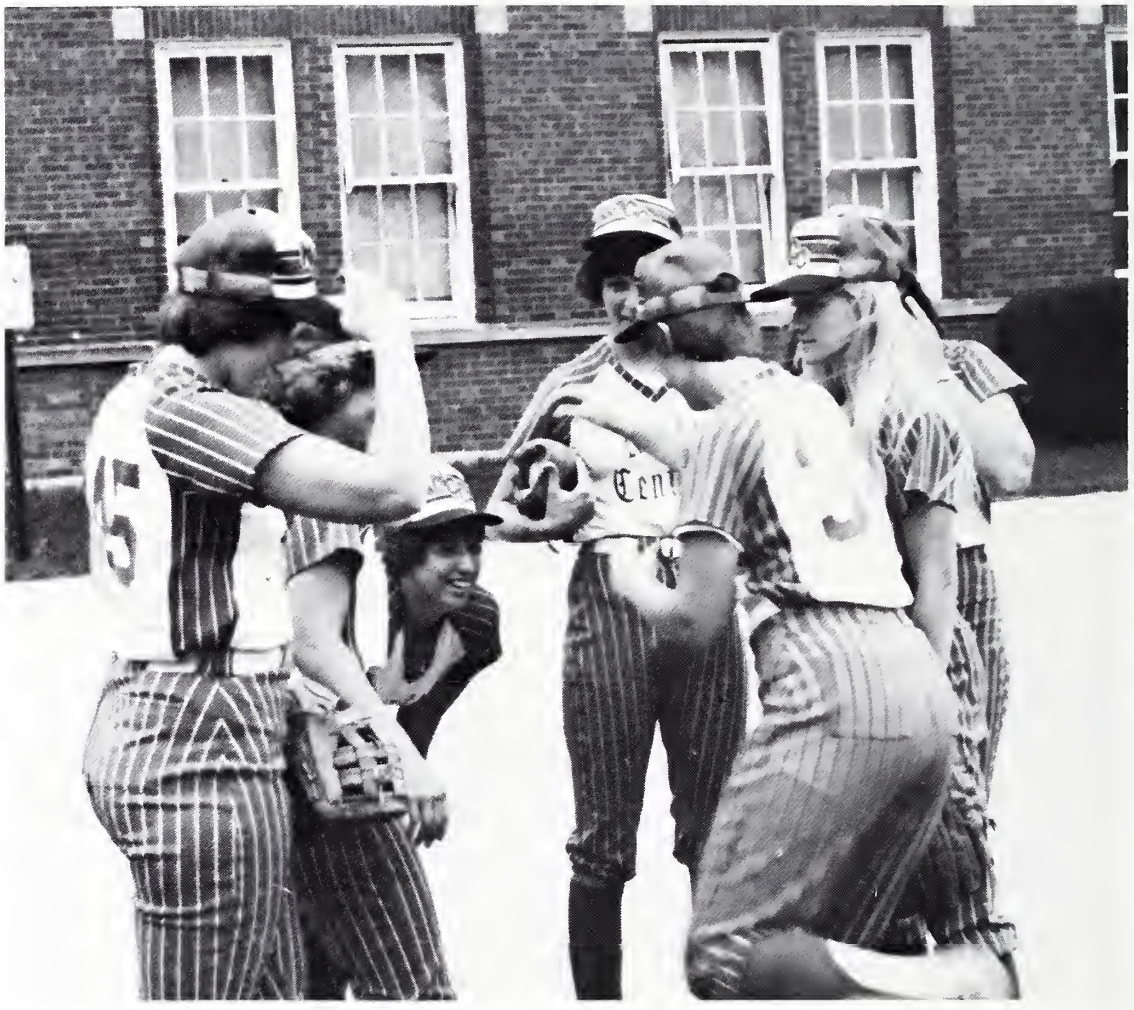


MEN'S BASKETBALL

The men's basketball team did not have very good luck again this season. The team started with a new coach this season. The coach just did not have time to build his team. A bright spot for the Cardinals came this year in the person of Chuck Malm, who was named to an all — conference team.

WOMEN'S SWIMMING

New to sports at NCC this year was the women's swim team. Under the coaching of student Gary Crowe, the team had a successful first year. The women competed in the state swim meet at Western Illinois University and did well for a first year team. The team proved itself, and women's swimming will now be here to stay as a part of the NCC athletics program.



WOMEN'S SOFTBALL

It was an exciting year for the women's softball team. Although their season record was not impressive, the team qualified for the state tournament. From there they went to regionals and then to nationals, where they placed fifth among Division III schools. Since this year's team was young, next year promises to be even better.

We wish to credit all the athletes and teams who did not receive coverage in this edition of the Spectrum. We agree that all teams should receive equal coverage, but our photography staff was not able to keep us with our orders for pictures. We apologize to all those dedicated athletes who did not get coverage. It was a great year for sports at NCC. The highlights of the year include: cross country Division III national title, men's swimming conference title, women's softball being fifth in national competition, and the Division III National track meet being held at NCC.

. . . Where tireless striving stretches its arms towaras pertection.
Where the clear stream of reason has not lost its way into the dreary desert sand of dead habit,
Where the mind is led forward by thee into ever-widening thought and action-
Into that heaven of freedom, my Father, let my country awake.

R.A.S.

Oh no, here comes the R.A.! These cries can be heard many times throughout the year in the residence halls. R.A.s are not responsible for discipline only, but they are the students in the dorms who try and insure the well being of each student on their floor. They also organize dorm and floor activities aimed at making dorm living a memorable experience.

Front: Cheryl Lacefield, Sandy Sinclair, Nancy Cawley. Back: Mark Sattelberg, Jim Harris, Bernard Verner, Liz Skinnell, Kris Miner, Nancy Carlstedt, Steve McGarry, and Karl Schleich.

HALL DIRECTORS

Sometimes we turn their worlds upside down. Hall directors always seem to be there when there's an emergency. They, too plan dorm activities. Their friendship and leadership makes the dorm seem more like home.

E.A.O.

E.A.O. is the Environmental Awareness Organization. The club cleans up local spots such as the pond by the fieldhouse and roadsides. It also sponsors lectures and trips to ecology minded places.

L.I.F.E.

We do not always realize everything L.I.F.E. does for us. Leisure Is For Everyone sponsors recreational activities throughout the year. Pictured here is the new games day held during spring term. Everyone is invited and encouraged to participate.

VARSITY CLUB

The Varsity Club is open to anyone who has earned a varsity letter at NCC. The club rents refrigerators to resident students, sponsors trips for members to athletic events and sponsors concessions at home athletic events. This year, Varsity Club sponsored a sprucing up of the fieldhouse.

S.A.B.

S.A.B. is the Student Affairs Board, and it decides many things that affect students directly. It allocates the student activity fee to the various organizations, which in turn determines the types of student activities there will be. This year S.A.B. tried to make itself more known so that students will be better able to have a say in the decision making processes.

Thanks go to so many people in their help and support in this endeavor. First, I thank my staff for their eagerness and readiness to learn. Next, thanks to Mr. Meinz for his help with the pictures. Also, to all the campus photographers who donated pictures, especially Kathy Clendening and Toni Alessi, we thank you — the book would not have been possible without you. To friends who put up with complaints, I give my heartfelt gratitude. Finally, a very special thank you goes to Dr. Russ Poel for his concern, support and understanding. Thanks!
